

Fabio Fuentes

Santiago, Chile | fabio.fuentes@outlook.com |  | 

Education

Universidad Nacional Andrés Bello, B.S. in Business Administration (Economics Major) 2021 – 2025
Relevant Coursework: Leadership for Digital Decisions (ASU), Project Evaluation, Applied Econometrics, Corporate Finance.

The Mayan School, High School Diploma in Science and Humanities – Honduras 2008 – 2020

Experience

Product Manager, DULOX (Industrial Manufacturing) – Santiago, Chile May 2025 – Jan 2026

- **Lead-to-Cash Optimization:** Led the end-to-end development of an AI-driven commercial logic engine, increasing customer response rates from 44% to 90% and reducing sales funnel friction.
- **Pricing Strategy:** Executed a cost and pricing matrix for technical customizations, standardizing operating margins and accelerating quote delivery by 60%.
- **Stakeholder Management:** Coordinated cross-functional workflows (Engineering/Sales) under Agile methodologies, providing critical reporting dashboards for Executive Management.
- **Operational Efficiency:** Implemented a technical knowledge management system that reduced search times by 5x, ensuring data integrity for end-client deliverables.

Growth Analytics (Junior Analyst), Fraccional – Santiago, Chile May 2023 – April 2025

- **Customer-Centric Roadmap:** Managed end-user feedback loops to iterate on growth strategy, translating user insights into technical product requirements.
- **Investment & Churn Management:** Modeled Churn and CLV to optimize marketing budgets, driving a +5% increase in new user investment through A/B testing of pricing and discounts.
- **Execution & Reporting:** Developed real-time KPI dashboards for executive decision-making and led weekly performance presentations on property launches.

Research & Projects

Lead Researcher | *Economics Cycles and News Narratives* [View](#) 2025

- **Data Product:** Built a longitudinal dataset of 60k articles via automation, processing 22M tokens to generate predictive indicators of national macroeconomic activity.

National Finalist, CFA Research Challenge 2025 (Team of 5) [View](#) 2025

- **Financial Strategy:** Led the bottom-up valuation for LATAM Airlines, integrating macro risks into Monte Carlo simulations to support investment theses for expert panels.
